

Pickup Truck *PT Series™*

For the end user who requires the strongest, most durable, liftgate for transporting bulky, top-heavy loads. Our rail style, chain-driven liftgate with a non-arcing level ride, will provide many years of reliable rugged service.

Key Features

- Exclusive above floor lift option will reach most dock heights
- Gate is level with truck side panels (Photo A)
- Safer:
 - level-ride, more stability
 - fewer pinch points
 - anti-skid steel treadplate platform
- Chain and sprocket drive ensures smooth operation and eliminates costly cable replacement
- Platform side chains eliminated – user has unimpeded side access
- Existing receiver style hitch won't impede installation
- **Lifting capacity** - 1,250 - 1,600 lbs.
- **Applications** - pickup trucks, service bodies, side mount on flat beds and cargo vans
